AHCA NE December 2012 President's letter

Happy Holiday's to you and all your families. December is a busy month with Holiday parties and our club party last Saturday evening was absolutely great. Unseasonably warm weather greeted the guests, as they arrived at the Publick House in Sturbridge. Carole Paye did an excellent job in working with the hotel and organizing our Christmas Party. The food and drinks were excellent. The highlight of the evening was Santa Claus and the annual Yankee Swap. The warm weather forced Santa down to his satin red boxers, by the end of the evening. Surprisingly, Walt Michaels drew the first card, and was fortunate enough to leave the evening with the Sports Illustrated Swimsuit calendar.

2012 has been a very active season for AHCA NE, with thirteen one day events, and another six multi day events. You will be able to ready my summary of the 2012 Austin Healey season, elsewhere in this months newsletter.

The ten question anonymous 2012 member survey was sent to all members with an active e-mail address, this week. The survey will be open for completion by the end of this year. If you did not receive the link to the survey, and would like to complete it, please contact me with your e-mail address and I will forward it to you. I will report the results of the survey in the January newsletter.

Next year is shaping up to be another great year for AHCA NE. You should have received by now, your 2013 renewal notice. Your club officers have agreed to keep the annual membership to only \$60. Please pay your 2013 dues on time, by January 15th. All members who renew their membership by 1/15, and attended at least one AHCA NE event this year, will receive a special gift from the club.

Our first 2013 event, will be our 1st planning meeting, on Saturday, January 12th at 10 AM at Admirals TJ O'Brien's, 407 Main Street, Sturbridge, MA. This will be your opportunity to help chart the course, for AHCA NE in 2013 with interesting events. If you are not available on the 12th, please send to me any of your suggestions and ideas for next year.

Happy Healey Holidays and New Year,
Pete Sturtevant

AHCA New England Event Schedule 2013

Saturday, January 12th 10 AM 1st planning meeting
Admirals TJ O'Brien's 407 Main Street, Sturbridge. MA.

Saturday, February 9th 10 AM 2nd planning meeting
Admirals TJ O'Brien's 407 Main Street, Sturbridge. MA

Saturday, March 16th AM 3rd planning meeting
Admirals TJ O'Brien's 407 Main Street, Sturbridge. MA

Some pictures from Christmas at the Publick House in Sturbridge

Wished you were there!!

Dear Peter,

We deeply sympathize with all members of the Eastern Austin Healey community and fellow Americans who were struck in their homes and lives by Hurricane Sandy.

As inhabitants of a country of which more than half of the population lives below sea level, we know and understand what powers break loose during such a disaster.

We hope and actually are sure, that American resilience and faith will bring all your Club members and all other inhabitants to higher levels of helpfulness for those who are in need, as Americans do and always will. God bless you.

With warm Healey Greetings,
Jack Hoogland

Repair, Restoration, Winter Storage

Winter is just around the corner and many people are thinking about putting their cars away for the season. At British Car R and R we offer a complete fall service program and there is still some space left for winter storage.

Our storage area is a concrete floored area with sprinklers and an alarm system. The building is active so critters are never a problem and we can keep your battery on trickle charge if you wish. Cars stored with us will be ready to go in the spring when you're ready to start driving again.

Call to inquire about prices and the remaining spaces.

Call Bob at 603-425-3333 or Dave at 508-577-0077

Conclave Charlevoix 2013

Charlevoix, Québec, Canada

June 23rd-28th, 2013

Hosted by the Québec Austin-Healey Club www.conclavecharlevoix.org

AHCA New England Region 2012 Overview

2012 was a very active year for AHCA NE with nineteen events across the region. We have 325 members in NE, with several first time new members joining in 2012. Financially, we had a very positive year, with the checking account balance increasing \$4,562 to \$15,700. Our "Healey's on the Summit" annual event was a huge success with 50 cars, and 100 guests including Peter Healey and his two children. The club made a profit of \$3,171 on Summit, including sponsorship of \$1,750. Our very generous members donated \$780 to Drive Away Cancer, which our club matched, for a total donation to this very worthy cause of \$1,560.

The AHCA NE year, started off with three planning meetings in centrally located Sturbridge, MA, last winter, monthly in January, February, and March. These well attended meetings, open to all members, are a great opportunity for brainstorming of ideas for events.

On January 21st, Dave Altman, Dominic Falconeiri and I experienced a once in a life time "Bucket List" item by meeting Jay Leno at his Big Dog Garage.

In 2007, Dom and a team of NE members built a replica of the Dunlop Tire Bridge from LeMans, France. The Dunlop Tire was built for Conclave 2007 in Burlington VT. Several couples from the UK attended Conclave 07 and felt the Dunlop Tire would be perfect for the 50th anniversary celebration of the Sprite in 2008 at Goodwood. I arranged with a major European transportation company, to donate the ocean shipping of the Dunlop Tire between Boston and the UK. Dom and his team built a customized 14 x 7 foot crate to ship the Dunlop. After the Dunlop Tire's second major Healey event on both sides of the pond, the crate was being stored in Dave's warehouse. The winter of 2011 was very severe in New England, and a heavy snow fall that January, caused the warehouse roof to collapse. A zodiac boat sitting on top of the Dunlop Tire, "gave its life" to save the crate. Without a warehouse to properly store the Dunlop Tire, the AHCA NE officers contacted numerous automotive museums to determine if they could permanently use and display the Dunlop Tire. Jay Leno was personally called, saying he would love to display the Dunlop Tire in his Big Dog Garage. Once we opened the crate, the wooden tire was full of water damage, mold, and mildew. Dom and his team of craftsman went to work restoring the tire spending more time and money with the restoration than the original build.

All the time and effort to restore the Dunlop Tire, was well worth it, when we had an experience of a life time at Big Dog Garage. Leno's garage with over 200 classic cars and 100 motorcycles is one of the best collections in the world. The Dunlop Tire creates an arch from a recent addition to the garage between two buildings. Jay was an incredibly generous host including making us an awesome Italian lunch in his beautiful kitchen in the center of the Big Dog Garage. Jay also brought in his NBC film crew to create a 10 minute video of the history of the Austin Healey 100 and the Dunlop Tire. George McHarris from the Southern CA Healey club volunteered his Healey Blue BN2 to complement the Dunlop Tire and allowed Jay to examine his car including a nice drive in the 100 with the cameras rolling.

The trip to meet Jay Leno was just the start of an excellent year for AHCA NE. Our first tech session of the year was hosted by Bob Abbott and his British Car Restore & Restoration business at Dave Altman's DC in Ipswich, MA. The warm sunny weather on middle April day, brought out an excellent turnout of Healey's from their winter hibernation to his interesting tech session.

The first Newcomers / Old comers' meet of the year was hosted by Mary and Dominic Falconeiri at their beautiful home in Lakeville, MA. It was a beautiful sunny day in the mid 70's and 23 Healey's arrived including several Sprites, a 100, 6 cylinder roadsters, and convertibles plus a Nasty Boy. It was a great day for new and old members to trade stories and share plans for the upcoming Healey year.

During 2012, the oldest automotive museum in the US, Larz Anderson in historic Brookline, MA created an exciting exhibit "Britain Can Make It". The mid May grand opening of the exhibit was a great evening of celebration of post war significant British cars from the 50's. My wife Cindy and I loaned our '54 Hundred to this interesting British exhibit of very innovated automobiles created after the war.

Carlisle 2012 saw the annual pilgrimage of several committed NE members to the wholly grail of automotive flea market. This year was unique, as the weather was great all three days of this "man weekend" at Carlisle. The New England Region continues to be one of the strongest supporters of the annual British, Import and Kit Car Show in Carlisle, PA. For the past 15 years we have had a constant presence at this amazing show which includes the flea market venue, a car "for sale" corral as well as the car show field for Friday and Saturday events.

(continued on next page)

(continued from previous page)

The first Saturday of June, 40 very wet, but excited members had a chance for a private showing of the Collings Foundation Aviation and Automotive private museum. The wet weather kept all the Healey's in their garage, but the enthusiasm of the AHCA NE members, was infectious. The three hour private tour by the director, Bill Collings, had great interesting stories of all the military aircraft. We were very fortunate to have two World War II veterans in attendance and share stories of their experience in flying several of the planes. The impressive car collection from the Brass Era to significant race cars provided an opportunity for excellent questions from the members.

Finally, the June events concluded at Larz Anderson Museum in Brookline, MA for British Car Day where 150 BMC enthusiasts were treated to glorious weather. Peter Army's beautiful BJ8 won best in show this year.

Healey's on the Summit in Jackson, NH was our region's largest event of the year. We were blessed with great weather with sunny warm days, and cool evenings in the mountains. The drive up to the summit of Mt. Washington with the great assistance of my navigator John Kelley was an adventure to be remembered. Cindy and I were honored to have our grandson Lucas join us for Summit this year and he had a blast. What a special event to have three members of the Healey family, Peter and his two children Rosie and Tim come over from the UK.

Summit was a four day adventure for Healey members across New England and upstate NY. We had a large contingent from Quebec come down to experience the White Mountains, as well as several couples from the Austin Healey Sports & Tour Club. Summit started Wednesday afternoon with registration and Chinese Auction and the first runs of the Jackson 850 Qualifying Austin Healey Hot Wheels races. Thursday started with a nice run down to the "Caar Bahn" to the incredible private auto museum of John Moir who owns the "alphabet" collection of significant antique cars from every letter in the alphabet. In the afternoon, we had a tennis and golf tournament followed by the sunset dinner and drive to the summit of Mt. Washington.

Friday's rally through the Mt. Washington Valley included a breath taking drive up Hurricane Mountain Road. The valve cover races Friday afternoon, on the Eagle Mountain House huge front porch, were hotly contested with multiple runoffs. The Jackson 850 finals were won by John Kelley running his brother in law Dominic Falconeiri's Hot Wheel Healey.

Saturday morning started with a "consistency run" through the gymkhana course at the local high school parking lot. We had to promise the school officials that we wouldn't leave any skid marks in the parking lot for the students to try and emulate, when they returned to school in September. In the afternoon we had a great car show in the center of North Conway at Schouler Park with public voting on the cars which they enjoyed. The local cable company videotaped many of the owners with their cars including Peter Healey providing the very interesting history of his grandfather's car company. Summit was capped off with the awards banquet and dinner. Peter Healey was our honored guest speaker and he auctioned off a commemorative Donald Healey plate and etched glass block honoring the Healey 100 raising money for the Drive Away Cancer campaign.

Twenty-one Healeys returned to Mystic Seaport on July 28 for our second annual Healeys on the Green during the Seaport's Antique and Classic Boat Rendezvous. The Popularity Vote winners were new members, Craig and Misty Stevens whose 70s -era, Mopar-Plum-Crazy-Purple-painted Sprite III (with foliage-motif overspray and racing stripes) just edged out Les and Jan Roberts more conventional BT7. Eighteen people went to the Rum Runners Rendezvous party Saturday night, and all I can say is, "How long has this been going on?" and "I will never miss another one!"

Except for Sir Sterling Moss as honored guest, this year's Lime Rock's "Historic Festival 30" was uneventful. As always, there were great cars to be seen. This year, there were a few F1 cars, and several of Sir Moss's rides. In the car show, there were some 25 - 30 Healeys of all types on display. This was the big-gest Healey showing I've seen at Lime Rock. Show cars wrapped around most of the entire track - both sides!

I never would have believed we would have had such a great day for the South County RI Driving Tour. I looked out our bedroom window at 6:30 AM and as the Brits would say, "It was chucking in down" with heavy rain. Luckily just before 9, the rain had stopped, but the skies were still threatening and dark. I set off in the Sprite, to meet everyone at Beavertail State Park for the start of our driving tour. The skies were

(continued on next page)

(continued from previous page)

continuing to brighten on the drive up route 1 towards Jamestown RI to meet the cars arriving between 10 and 11 AM. We arrived in Jamestown and still no rain. Forty eager members arrived by 11 AM to enjoy the spectacular views of Narragansett Bay to meet several new members, and catch-up with those they may have known for many years.

The New England Air Museum and Barbeque was held on September 8th. Despite the gloomy weather reports, it was an impressive display of about 12 big Healeys and 2 Sprites that showed up with their tops down. The 10 mile drive to the Air Museum was outstanding. Southwick, part of Pioneer Valley, includes such treats as long, full potato trucks, tobacco, corn and pumpkin fields, foothills, and lovely historic homes. A huge Delta passenger jet landed over our left shoulders as we approached the three hangar Air Museum. Our tour guide was our member Carl Carvell. We all cruised back to Betty Charland for the barbeque. Burgers and chicken from the grill were delicious, side items, brownies, and the good company shared, made for a swell day!

British Invasion 2012 Stowe VT is a three day British Car extravaganza. Following the “sound of music” (no pun intended—the von Trapp family lodge is in Stowe) led us into the thick of the British Invasion Block Party. The adults relished hearing the music of the Stones, while the kids covered their ears saying, “This is too loud! How can you stand that music?” We just smiled as we watched 40, 50, 60, and 70 “something’s” gyrating to the beat. We meandered down Main Street, hearts aflutter, as we gazed upon shiny fenders—Healeys, Triumphs, MGs, Jags....Open bonnets revealed carburetors, Lucas electrics, and valve covers sparkling under the street lamps. Saturday dawned cold and gray with a mist in the air—perfectly British weather. We’ve been told that 650 British cars were present that day—we looked at every one. Family favorites included a very old Singer (the featured marque of this year’s event), a two-tone green 1933 MG, and a Concours- level white over black Healey. AHCA NE provided appetizers for the club at cocktail party at the Matterhorn restaurant.

One of the great driving events which we had to opportunity to attend was the southern NH Fall Foliage tour hosted by Linda Hakala and Bob Britton. The morning started with the coldest temperatures below freezing of the season. The sun was bright and sky very blue despite the cold temps. The guests all convened back at Bob’s home in Hancock, NH for an excellent cookout. As usual Sue and Steve Bell won the questions portion of the rally.

Our final event of 2012 will be our annual Holiday Party the first Saturday of December at the Publick House Inn in Sturbridge, MA. The Holiday party is always a great event to bring the New England Healey calendar to a close, and to start the very festive season. We have confirmation from the North Pole that Santa Claus will be coming to our Holiday Party to assure all members will be able to choose a present from under the tree.

Thank you to all the members, Area Coordinators, and NE Officers for assuring another very successful year of AHCA – New England. I was very encouraged to see so many new members enjoying themselves at our events this year. This club is only successful through the commitment and contributions of its friends and members. 2012 will be a tough year to beat, but you committee members are already planning events for 2013. We would love to hear your ideas and suggestions to make your AHCA NE experience even better. We will have another short survey to solicited ideas for making our club event better.

Happy Holidays to you and your family!

Pete Sturtevant
President – AHCA NE

**Remember to renew your
AHC of NE by January 15, 2013**
